

FESTIVE CELEBRATION CHEESE CAKE

This towering trio of cheeses makes a show-stopping centrepiece for your Christmas table. The bottom layer is a 2kg wheel of Red Storm, our vintage Red Leicester. This is then topped with 400g Black Bomber, our signature extra mature Cheddar, and – as the top layer – a 200g truckle of Green Thunder, our delicious mature Cheddar with roasted garlic and garden herbs. As a finishing touch, we've included a jar of Balsamic Caramelised Onion Chutney and a Snowdonia Cheese Company decorative ribbon.

Exceptional flavour, expertly crafted

FESTIVE CELEBRATION CHEESE CAKE

ASSEMBLY & STYLING SUGGESTION

Position the cheeses on a cake stand in order of size with the chutney on top. Wrap the Snowdonia Cheese Company ribbon around the 2kg base cheese, making sure you slightly overlap the ends of the ribbon. Fasten it with double-sided tape. We suggest placing green foliage in a wreath formation around each layer, finishing with red berries – but let your imagination run wild!

Please remove labels before cutting the cheese.
